

Break Down

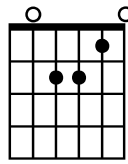

Em

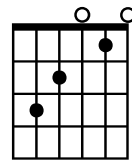

G

Am

C

Em G
Maybe I'm startin' to cry

But I don't know

Em
Cause the feeling's so strong
G

And I just don't know what's wrong

Oh tell me

Em G
Have you been willing to try to ease the load

Em
It's geting heavy to hold

G Em
Sometimes I'm wondering how far to go

Who'll take the blame this time

G
Who's gonna be wrong and right

Em
Who's gonna convict the crime

G
All tough with pride

We said we'd

Em
We'd never be the stereotype

G
Never be stuck in life

Em Am C
Never ever been so close to goodbye

But

Em
When I see your face

G
It could be love or hate

Em G
I'm burning up with rage - up with rage

Em
I'm gonna break, I'm gonna break

Am C
Oh baby I'm breaking down yeah

Em

I've been in misery

G

But I don't wanna be

Em

Caught up in jealousy

G

But this ain't me

Em

I'm gonna break

I'm gonna break

Am

C

Oh baby I'm breaking down yeah

Em

G

Will I just be wondering why

This didn't work

Em

With my face in the dirt

G

Seems I've been loving to hurt

Oh tell me

Em

G

Was it worth the lost time

Good or bad

Em

Am I happy or sad

G

Feels like I lost what I never had

Em

Should we just say goodbye

G

Is it even worth the try

Em

G

I stay awake at night turning words in my head

Em

Caught up in reverie

G

Of what will never be

Em

Am

C

And Maybe baby what we never were

Em
When I see your face
G
It could be love or hate
Em G
I'm burning up with rage - up with rage
Em
I'm gonna break, I'm gonna break
Am C
Oh baby I'm breaking down yeah
Em
I've been in misery
G
But I don't wanna be
Em
Caught up in jealousy
G
But this ain't me
Em
I'm gonna break

I'm gonna break
Am C
Oh baby I'm breaking down yeah
Em
When I see your face
