

Every Step
(Addicted)

Am
In every crowded room
C
In every lonely bar
G
The faintest trace of you
Em
Everywhere
Am
Or on a busy street
C
When someone laughs like you
Em
Oh the memories conquer me
G
And I give in

Am
Every step I take
C
Every move I make
G
Every strange new face
D
You are there
Am
Every song I write
C
Every stair I climb
G
Every cold dark night
D
You are there

Am
Your scent still in my clothes
C
Your pinions in my head

G
Searching faces for the one
Em
I can't forget (can't forget)
Am
How do you paint it black
C
How do you turn your back
Em
On every single dream
G
That you believe

Am
Every step I take
C
Every move I make
G
Every strange new face
D
You are there
Am
Every song I write
C
Every stair I climb
G
Every cold dark night
D
You are there

Em Am C G
You're the face that gets lost in a crowd
Em Am C G
You're the strength in my bones when I'm down

And your memory's like steel in my mouth

With every breathe

You are there
