

Nothing Bout Nothing

[Diamond Veil]

Christian Fast, Edward Steve Louis, Henrik Nordenback

G
I can't breathe

D
I can't feel

Em
It's in the air

C D
It's so real

G
I'm untouched

D
Can't you see

Em
All alone

C D
Even though you're lying next to me

Em
So we work it out
Work it out

C D
But we still find things to fight about

Em
So we talk it out
Talk it out

C D
Baby once again

G
Nothing but a heartache

D
Nothing but a mistake

Em
Nothing stays the same way

C **D**
Nothing bout nothing

G
It's just a replay

D
Nothing but a grey day

Em
Nothing stays the same way

C **D** **G**
Nothing bout nothing at all

G
I'm hanging on
D
To what we've got

Em
Even though

C **D**
It hurts a lot

G
I've realised

D
It's been too long

Em
Lost our way

C **D**
It's just another sad love song

Em
So we work it out
Work it out

C **D**
But we still look back on yesterday

Em
So we talk it out
Talk it out

C **D**
Baby once again
